Folks,

Our Region 4 2011-2012 new Handbook and Directory will be going to press shortly. If you want your personal information to appear correctly in it then you must go to the AHA website and update your information that is on file. If you don't know how to update it at the website, then call AHA and have them make the corrections for you, or walk you through how to do it. Please do this as soon as possible - it is the only way your information will appear correctly in the directory.

Also, all the club presidents need to check your club's contact information at the AHA website and either correct the information yourselves, or let me know so I can correct it for you. Your club contact (membership chair) listed at the AHA website will be what will appear in the directory so if it is incorrect it must be changed immediately.

When our last directory went to press, I received complaints from some folks who were not listed. In every case, they had allowed their membership to lapse. Please be sure you don't have a gap in your membership if you'd like to be included in the Region 4 directory.

Thanks, Peggy Weems
